LiveLikeB Day is a single-day experience to raise funds for one of the worst forms of pediatric brain cancer known. We welcome all 4-8-year-old ballplayers to participate in this special, fun-filled and memorable day of games, festivities.

This annual tournament is in remembrance and honor of one of OYO's very own ballplayers – Brynnley Niederhaus -- who played Tee Ball at OYO for several seasons even while fighting brain cancer. She died in November 2021.

To carry her spirit and passion for playing baseball, all proceeds from this event will benefit the LiveLikeB Foundation, which hopes to inspire the world through her memory and spread awareness about Diffuse Intrinsic Pontine Glioma (DIPG) and childhood cancer while also providing financial support towards childhood cancer research and to families with children fighting cancer.
