The Official Scorer</p> <p>There shall be two official scorers per game: one on the home team and one on the visiting team. Each official scorer must record the results of the game in an official scorebook provided by the league. In the event that only one team provides an official scorer, that scorer will become the official scorer for the game. The team’s manager shall inform the umpires of the official scorer's identity before the game. The official scorers will consult with each other after each inning. If a discrepancy occurs between the two scorers, the scorers will inform the umpire immediately and the umpire will suspend play until the discrepancy is resolved. In the event that the discrepancy in the score cannot be resolved in less than five (5) minutes, the umpire will consult both score sheets and decide the score of the game. If the umpires cannot agree, the plate umpire's ruling shall be followed. The umpire's decision on the game score shall be final and may not be protested.</p>
