For 50 years, OYO has remained steadfast in its commitment to make a positive impact in the community and ensure every child with a desire to play baseball and softball is provided that opportunity.

Our semi-annual fundraiser

helps us accomplish that goal in conjunction with our 50-year celebration. We will direct all proceeds from the 2024 Spring Season equipment sale to OYO's scholarship program, which provides opportunities to more than 50 ballplayers annually, regardless of ability. Your participation in the equipment sale – as both equipment donors and/or shoppers -- helps these deserving young ballplayers and their families realize the thrills and joy of playing baseball and softball at OYO. And, when they take the field at OYO, they truly experience a "fair play" atmosphere, grow and thrive. This is The OYO Way!
